

14th Congressional District GOP Resolution

A Resolution to Abolish Abortion in Georgia

Whereas, it is wrong to intentionally kill innocent human beings; and

Whereas, elective abortion intentionally kills an innocent human being; and

Whereas, *Roe v. Wade* has been overturned and the United States Supreme Court has declared there is no right to abortion in the Constitution; and

Whereas, the Georgia Republican Party maintains a majority in both houses of the legislature and controls the office of the Governor; and

Whereas, the Georgia Republican Party platform states “we believe in the right to life from conception beginning at fertilization to natural death”; and

Whereas, 13 abortion facilities remain open in Georgia, continuing the slaughter of the innocent; and

Whereas, abortions are being committed in homes with the use of chemical abortion pills.

Therefore, be it resolved: The Georgia 14th Congressional District. Republican Party urges the Georgia legislature and Governor Brian Kemp to prioritize abolishing elective abortion by assuring the right to life, equal justice, and equal protection of the laws to all pre-born children from the moment of conception.

Adopted by the Georgia 14th Congressional District. Convention on April 22nd, 2023.
